**TEST CLOSURE TRAFFIC STUDY RESULTS FOR THE BRISCO  
ROAD AT US 101 NORTHBOUND ON AND OFF-RAMPS AND  
CONSIDERATION OF FURTHER EXTENSION OF THE  
CURRENT RAMP CLOSURE**

ARROYO GRANDE, CALIFORNIA – On Tuesday, February 23, 2016, at 6:00 p.m., the City Council will receive and review the Traffic Study Results from the Test Closure of the Brisco Road at US 101 northbound on and off-ramps. The Council will also consider further extension of the current ramp closure.

On September 29, 2015 the US 101 northbound on and off-ramps were closed. The ramps were closed in order to simulate how traffic patterns might change due to a future highway interchange project. The initial analysis of the shifting traffic is complete and the City Council will review this information on February 23, 2016 at 6:00 p.m. All members of the public that wish to provide input to the City Council on this important item are encouraged to attend.

The City Council Agenda and staff report for this item can also be accessed on the City's website at [www.arroyogrande.org/agendacenter](http://www.arroyogrande.org/agendacenter).
